

BelTek Wins Intermec's 2006 Honor Partner of the Year Award for North America/Canada Region

February 8, 2007 12:00 PM Eastern Time

Orlando, FL – (BUSINESS WIRE) February 8, 2007--BelTek Systems Design Inc., a leader in Mobility Solutions for Business featuring Route Accounting, DSD and Field Service Solutions, announced today that it won the 2006 Honor Partner of the Year Award from Intermec Technologies Corporation for the North America/Canada region at this year's Global Sales Summit in Orlando, Florida .

"BelTek Systems Design Inc. is very proud to be receiving this award for the second time in three years," says Michel Belzile, BelTek's President and CEO. "Intermec and our distribution partner EMJ/Synnex are an important part of our ability to provide outstanding service to our end customers. Maintaining our position as top performer year over year allows us to provide better pricing and services to our customers."

"Our success this year is attributed to a number of factors. Our customers and prospects have recognized the true business benefits of operating a real-time wireless environment and have been moving quickly to achieve those benefits. Our large legacy customers have recognized the power available in our business modeling and predictive tools and have been aggressively moving from customized solutions to a pure "base" environment. With many exciting new innovations in Usable GPS, Real-Time Dashboards and enhanced wireless operations, we are excited about the year to come."

About BelTek Systems Design Inc.
